EVERYONE CAN COME TO US.

All people from foreign countries of origin can turn to us. We do not make any distinction here between families and single persons, young people and senior citizens, refugees and seasonal or ontract workers.

We work closely with network partners and volunteers. Anyone who would like to volunteer is welcome to contact us.

We inform, advise, connect.

THIS INCLUDES EVERYONE.

More than 33,000 people live in Vechta. Around 5,600 of them were not born and raised in Germany. They come from over 40 different countries of origin. All of them are a part of our society. All of them belong to it. But not all of them find their bearings immediately.

The city of Vechta is committed to good cooperation, and helps people from foreign countries and cultures make connections. This often this begins with learning the German language and understanding German law. The integration team in Vechta town hall is the first point of contact for many questions. We break down fears where there don't need to be any.

WE ANSWER QUESTIONS AND TAKE AWAY PEOPLE'S FEARS.

„Where can I learn German?“

„Where do I have to register my child for school?“

„I don't understand the letter!“

„I am distrustful of German authorities.“

„I would like to volunteer. Who should I contact?“

„Where can I get to know others?“

All offers are free of charge.

WE ...

- ... can be reached during office hours in the town hall (see contact).
- ... advise parents on different life issues.
- ... offer groups: the parents' café, sewing café, play groups, mother-child groups, and much more.
- ... help with filling out applications.
- ... look for a place at a day care centre and a school for the children together with our clients.
- ... establish contacts for further training to become an integration facilitator.
- ... arrange German courses.
- ... support you when looking for leisure activities and clubs.
